

BRIDGES OF TRUST

Opportunity to establish a new partnership with a Ukrainian municipality

The Council of European Municipalities and Regions (CEMR) and PLATFORMA, the pan-European coalition of towns, regions and their associations active in decentralised cooperation, are launching a new project “Bridges of Trust: Empowering municipalities in Ukraine and in the EU through partnerships”.

The project supports the establishment of effective bilateral partnerships between municipalities in Ukraine and in the EU member states and will organise and support the following activities in the coming 18 months:

- Bilateral meetings online (fall 2021-winter 2022)
- Study visit to the partner-municipality in the EU (spring-summer 2022)
- Traineeship in the partner-municipality in the EU (spring-summer 2022)
- Two international forums (summer 2021 and 2022)

Municipalities in the EU member states that meet below criteria for participation are invited to express interest to take part in the project.

Opportunities for your municipality

- Acquisition of a new partner-municipality in Ukraine and inclusion into “Bridges of Trust” network of 10 partnerships between municipalities in the EU member states and in Ukraine
- Possibility to showcase achievements of your municipality and share-exchange best practices on national and European levels
- Financial and administrative support for your new partnership in the framework of the project
- Support from European experts on local finances, climate and energy, environment and mobility, gender equality and diversity, and social affairs and digitalisation
- Inclusion into international project and experience in project management
