

## Who are we?

The Covenant of Mayors in Sub-Saharan Africa (CoM SSA) is an EU funded initiative that supports Sub-Saharan cities and municipalities to develop and implement sustainable climate and energy actions that center on access to clean energy, climate mitigation and climate adaptation. It is a bottom-up initiative that allows cities to define and meet ambitious and realistic targets set by themselves. CoM SSA is the regional chapter of the Global Covenant of Mayors - largest coalition of cities committed to local climate and energy action.

## Who can join?

CoM SSA is open to any city or municipality in Sub-Saharan Africa regardless of size.

## How you can join the Covenant

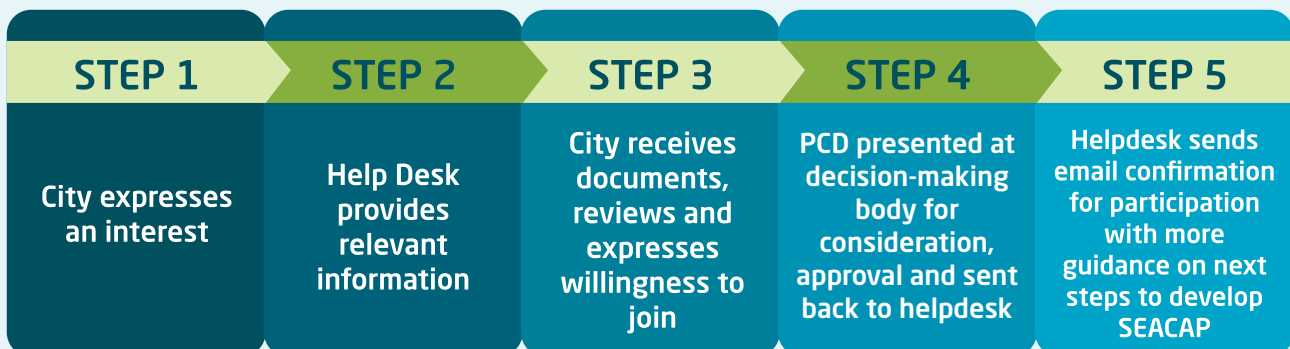

In Sub-Saharan Africa, cities and municipalities are particularly vulnerable when it comes to climate change. Increasing floods and droughts threaten your city's social and economic health, and the need for clean, stable energy is constant. The good news is, you're not alone. The Covenant of Mayors in Sub-Saharan Africa, a network of over 202 cities, allows you to find solutions that are tailored to your specific climate and energy needs. You will:

-  Gain access to best practices and to knowledge exchange activities;
-  Get more visibility for your city's climate and energy actions;
-  Gain access to technical support through our helpdesk office in Accra;
-  Develop decentralised cooperation mechanisms;
-  Network and peer to peer exchanges in Sub-Saharan Africa;
-  Build sustainable, resilient cities and municipalities that contribute to SDGs.

## Be part of and benefit from our:

-  Capacity building workshops
-  Webinars
-  Multi-level political dialogues
-  Capacity building for civil society organisations and more

## How you can join the Covenant:

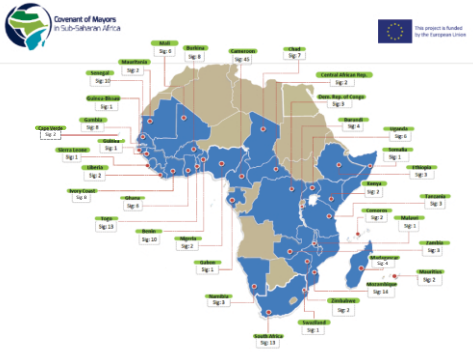

### CONTACT:

Covenant of Mayors in Sub-Saharan Africa (CoM SSA)  
United Cities and Local Governments of Africa (UCLG Africa)  
West Africa Regional Office (WARO)  
1st Floor NALAG House, Okponglo - South Legon, Behind Gulf House.
